

## CAL HYMAG PLUS

**CAL HYMAG PLUS** is a blend of essential vitamins and minerals, required for growth, reproduction and maintenance in cattle.

The higher amounts of magnesium and calcium will help cattle to:

- Reduce the incidence of Grass Tetany and Hypocalcaemia (milk fever)
- Improve the condition of cows prior to calving
- Assist cows during calving
- Help balance magnesium and calcium deficiencies in lush green pasture

### FEEDING CAL HYMAG PLUS

Allow ad lib feeding in vertical sided drums or covered troughs. 1 container to about 30 head of cattle.

Animals will, in most cases, take the supplement too fast until animals reach required mineral levels then will settle down.

Place near water to get animals started, but progressively move away from water if consumption remains in excess of recommended intake.

Adult cattle .....approximately ..... 100 grams per head per day  
 Weaners .....50to 80 grams per head per day

Contact bypass Stockfeeds if other mineral supplements are to be used in conjunction with this product or if animals do not consume any of the product at all.

**Storage-** ensure product is stored in a cool dry place out of direct sunlight, preferably in original shrink wrap.

**Available-** in 25kg or 1 Tonne Bilk Bag

### CAL HYMAG PLUS Typical Analysis (As fed basis)

Calcium.....	8% min
Magnesium.....	33% min
Phosphorus.....	4% min
Salt.....	18% max

VITAMIN A.....MIU.....	62.5
VITAMIN D3.....MIU.....	6.25
